- Prices are subject to change without notice.
- Extra scores and parts are available for nearly all Kendor publications. Exceptions are clearly noted. Prices appear at the beginning of each series. Unless an entry includes a (CS) notation indicating that condensed scores only are available, scores are full. Condensed scores are \$3.50 each regardless of series.
- Any prior publication not listed in this catalog is permanently out of print. However, extra scores and parts may still be available from our archives. Check with your dealer for availability and prices.
- Free copies of current and past jazz ensemble and string orchestra demos can be requested directly from Kendor while supplies last. Many of these recordings can also be downloaded free from our website.
- Grading indications in this catalog are based on this scale:
 - 1 = VE = Very Easy
 - 1+ - 2 = E = Easy
 - 2+ - 3 = ME = Medium Easy
 - 3+ - 4 = M = Medium
 - 4+ - 5 = MA = Medium Advanced
 - 5+ - 6 = A = Advanced

Jazz Method Books

DiBlasio's Bop Shop

For treble and bass clef instruments, Denis DiBlasio's books introduce players to improvisation basics at a carefully determined pace. Easy-to-understand text and humorous illustrations by Steve Wiest make learning an enjoyable adventure.

Effective Etudes For Jazz

Mike Carubia and Jeff Jarvis have created these 2 sets of etudes based on the chord changes to popular jazz standards. Students will learn to interpret and improvise over the chord progressions. Hear how seasoned jazz musicians interpret the etudes, then play along with the rhythm section. Perfect for jazz band auditions, solo festivals, and recitals.

Essential Scale Studies For Improvisation

This book of 205 jazz exercises by Tony Dagradi for all instruments builds solid technical skills in players at all experience levels -- developing players can play the basic exercises, those with more experience can play the variations which follow each basic etude. Used with great success by Dagradi's students at Loyola University in New Orleans, the spiral binding ensures the book stays open during practice.

The Jazz Commandments

(Guidelines For Jazz Articulation And Style)

This book with MP3s addresses articulation and style situations that are commonly found in jazz music by introducing a set of guidelines that can be used to guide decisions regarding the treatment of notes and rhythms in the swing style. Exercises and catchy tunes that can be used to sound more stylistically accurate and authentic make this a valuable resource for directors, individual students, combos, and big bands. Users of this book and MP3s will see immediate improvement in jazz articulation and style performance. Jerry Tolson.

EXPANDED SECOND EDITION

Jazz Improvisation: The Goal-Note Method

Shelton Berg's programmed text for a 2-4 semester improvisation course. This approach is consonance-based, emphasizing structural pitches and harmonic considerations rather than scale-derived melody. This logical, step-by-step method is based on the premise that when consonant tones are surrounded with characteristic jazz formula, successful jazz improvisation results.

Classroom Music

BODY JAMS - For general music and instrumental class use, each of the six small ensemble pieces offers a fun, exciting way to foster and encourage musical creativity and self-expression. They may be performed as body percussion pieces as well as substituting sounds using available percussion/rhythm instruments, "junkyard" sounds (buckets, pails, brake drums) or kitchen/household instruments (pots, pans, bottles). Students learn how to read and perform short, basic rhythms and apply them to pieces in rock, jazz, Latin, march and classical styles. A brief description and history of the style is followed by names of some innovators for a unit on listening and classroom discussion. All pages are reproducible for groups of any size. Skills learned in these pieces are aligned with beginning percussion methods while meeting the national and state learning standards. Titles include: Plymouth Rock; Yomambo; Three For The Road; Carumba; Swing Kings; and A Latin Confection.

BUCKET JAMS - Junkyard ensembles are popular today because they are engaging, relevant, and employ styles that are familiar and motivating to students. This book includes 6 easy (grade 1-2) junkyard ensembles that are perfect for classroom music classes and instrumental groups. Performance notes for each piece explain style characteristics and playing techniques. Preparatory exercises are also included. All pages are reproducible for groups of any size, and each piece is playable by buckets alone, by buckets and garbage cans, or by buckets, garbage cans and auxiliary instruments (hi hat, claves, etc.). Traditional percussion instruments may also be used on any part. Skills learned in these pieces are aligned with beginning percussion methods while meeting the national and state learning standards.
Mixon \$29.95 ____20608

CLASSROOM HAND DRUMMING - This book includes 6 percussion trios that are perfect for classroom music classes and instrumental groups. Each piece is engaging, and employ styles that are familiar and motivating to students. Performance notes for each piece explain style characteristics and playing techniques. Preparatory exercises are also included. All pages are reproducible for groups of any size. Titles include Allemande; Rain Drums; Darbuka And Frame Drum; Dadra Tala; West African Drums; and Martillo y Tumbao. These pieces may be performed by traditional hand drums or buckets.
Mixon \$27.95 ____20613

CROSS-CURRICULAR LEARNING FOR THE INSTRUMENTAL ENSEMBLE - Take your concert music to a more meaningful level for your students through cross-curricular units. These fun and interactive projects connect the music that students are playing with Math, History, and English/Language Arts. This book contains detailed lesson plans and reproducible materials for each of the 9 units. Repertoire lists that may be paired with the units and projects in the book are included.

Composing & Arranging

Inside The Score

Rayburn Wright's acclaimed text that reveals the writing secrets of Thad Jones, Sammy Nestico, and Bob Brookmeyer! A detailed examination of 8 of their best charts analyzes voicings, melodic construction, form, orchestration, textures, passing harmonies, etc. Interviews with the writers are also included, in which they discuss their approaches to writing. A superb CD recording of all 8 charts is a great study aid.
